Mission

The mission of the Midland Soccer Club is to provide all soccer players with an opportunity to learn, develop, and compete at the highest level of desired play.

Vision

The vision of the Midland Soccer Club is to be the leading soccer program in the state, recognized for excellence in player and coach development, facilities, sportsmanship and competition.

Player Development

Midland Soccer Club is committed to providing a competitive and fun atmosphere, which will challenge its players in all four of the following elements.

Soccer decisions made within the club will be based on the following:

- Player Development
- Team Development
- Club Development
- Logistics/family

The Fusion program is dedicated to developing players along the following four pillars

MSC way

Playing Philosophy/Style:

When WE have the ball, we work to keep it as long as possible to increase our odds of scoring goals: a possession-based game. We CONTROL the ball in a variety of ways; keeping possession WITH our teammates and exploding forward when space is available. When we lose the ball, we quickly organize to GET THE BALL BACK and then HOLD THE BALL AGAIN.

Development = Better Players = Better Teams

Possession-based soccer takes time and patience to teach. As you watch our teams play you should see:

- Restarts are possession-based on most occasions as opposed to lumping the ball forward.
- Goal kicks and corner kicks that keep possession.
- Team formations that open up and attack space to influence defenders and open up space to pass to teammates.
- Teams that play as a team and that DO NOT rely on just one or two players to dominate a game.
- Goalkeepers who are actually soccer players, not just a shot stoppers.

The key is patience and perseverance at the youngest ages as mistakes during games will be made.

Coaching Staff:

All of our coaches are professionally licensed and are assigned positions by the club. Coaching assignments may change at any time during the year but in general coaches will be asked to stay with their assignment for the duration of the year.

+ High School aged players may be asked to participate in a tournament during the time period from November-April.

@All schedules are based on acceptance to the tournament. If a team does not get into a tournament for whatever reason, another tournament will be selected.

Individual teams may elect to attend more tournaments

Costs for tournaments may be adjusted down for age group white teams based on team and roster numbers.

College Recruiting/advancement:

MSC offers an unique college recruiting experience. Three staff members will oversee the recruitment process and will work with our club partner sportsrecruits.com to make sure all players who would like to explore opportunities to play in college have that opportunity.

Extra Training Opportunities

Midland Soccer Club provides additional training opportunities for players to increase their skill level. As a member of the club, players may attend other teams training as appropriate and subject to the approval of the both coaches and/or Technical Director

Midland Soccer Club also offers a wide array of academy sessions on an extra fee basis. Check [Http://midlandsoccerclub.org](http://midlandsoccerclub.org) for availability, times and offerings.

Goalkeeping Training

Midland soccer club recognizes the position of goalkeeper as a specialized position and offers in season training for all our goalkeepers.

Tryouts

The Midland soccer club and the coaching staff are committed to conducting tryouts in a manner that allows for multiple evaluators to view each player. MSC may change the protocol before June tryouts.

Format

All Select teams shall be formed using a public tryout format. This tryout format follows US Soccer and US Club Soccer's guidelines to tryout organization and selection. Supplemental tryouts can be held at any time and will follow the rules for such tryouts as outlined by MSYSA.

Evaluators

The tryouts for each age group will be conducted by the Midland Soccer Club staff, in conjunction with the team(s) Head Coach.

Evaluators will look for the following characteristics in determining if players are able to play for Midland Fusion. It is common for different characteristics to be emphasized at different ages based on common sense developmental factors. This list covers characteristics all age groups will be judged on. **This is not inclusive of all areas of evaluation.**

- Pace/athleticism
- Technical skill and speed
- Tactical awareness of shape and space
- Work ethic/rate and individual motivation
- Competitiveness

Playing up

Players may be assigned to play for a team in an older age group.

- Assignment- Players may be asked to play up on a team based on the coaching staff's belief, in consultation with the Director of Select and Technical Director, that this player will have an impact on the older team **and** such a move will allow for appropriate, continued development of the player. The player and parents will be consulted about this possibility and have the ability to develop a training plan for how to manage the two teams.
- Under most circumstances, the use of a club pass will be used to keep players registered at age yet allow that player the opportunity to play up with an older age as appropriate.
- In order for a player to club pass up on a routine basis, that player must be a starter on the older team.

TEAM FORMATION

Players may be notified that they are being offered a spot at any time during the two day tryout or any supplemental tryout(s).

MSC reserves the right to move players between teams within the club at anytime.

TEAM ORGANIZATION

Based on US Soccer's recommendation and MSC's player development model, ALL soccer training, coaching and playing activities will be organized and/or conducted by MSC coaching staff members. **No other person will be permitted to coach MSC players, organize tournaments, open practices, etc.. without written consent from the Technical Director.**

- For logistical issues like club payment, uniforms, travel information, please contact your team manager
- For soccer related playing related issues and/or scheduling conflicts, please contact your coach using the protocol set forth in the PLAYER, COACH, PARENT EXPECTATIONS

Club Conflict resolution for Players/parents

*If a conflict arises, please make an **appointment** to speak to your coach.*

STEP 1

If a conflict arises between your player and the coach, please contact your coach to schedule a meeting time after a practice or a game. At U13 and older, we believe that part of growing as a player is to be able to communicate with your coach so it is important that your player be present for such issues as playing time concerns, effort concerns, performance questions or questions on the evaluations.

STEP 2

For other concerns and if your concerns above were not satisfactorily met, please inform your coach that you would like the Technical Director to be involved. Contact the Technical Director to arrange a time to discuss the concerns.

STEP 3

If the concerns are still not addressed and you feel you need to talk to the select committee, please inform the Technical Director and he will arrange to have a meeting with the Director of Select and current select board members. The full board and executive board will also be notified and reserves the right to be present at the

CLUB POLICIES

Payment of Fees

ALL players will be expected to pay their first payment **before July 5th**. MSC does have a payment plan which can be checked upon registration. MSC will work hard to help parents and players navigate the payments but it is the responsibility of each MSC family to make sure they are up to date on payments.

ALL accounts 14 days past due will result in the temporary suspension of that player from competition until payment is made. Please contact the office if you need assistance.

Risk Management

The MSC, on behalf of the Michigan State Youth Soccer Association (MSYSA), requires the submission of a Risk Management form for all persons over the age of 18 that will directly work with youth players (e.g. Head Coaches, assistant coach, team manager and trainers). Additional information may be found at <http://www.michiganyouthsoccer.org/Page539.aspx> in the Risk Management section.

Player Safety Policy

Midland Soccer Club is committed to providing a safe environment for players, parents, coaches and administrators. MSC has adopted KidSafe risk management guidelines set forth by US Youth Soccer.

- All coaches undergo a hiring process.
- All coaches and managers go through a background check with MSYSA.
- All players go through a tryout process each year. No one is guaranteed a spot on a roster but we work hard to make sure that most players who want to play have an avenue to pursue that passion.
- Coaches have may have limited tenures with teams and assignments may change.
- During the registration process, players, parents and coaches agree to follow Club Expectations and Club Policies
- Limited personal information about MSC Fusion players and their families are present on the web page.
- Practices are held at the complex in the open where more than one adult is in the area.
- Coaches comply with strict guidelines regarding on and off field behavior.
- MSC Fusion will follow proper protocol and will alert authorities if allegations of improper behavior are made by players, parents or coaches

Concussion protocol-

Guidelines are in place through Michigan State Youth Soccer Association, which outline the proper protocol when dealing with a suspected concussion. All Midland Soccer Club Coaches have watched the Heads-up Concussion Training Video required by the state.

As mandated by US Soccer, players age 11 and under will not head the ball.

Weather policy

Midland soccer club owns the land on which the fields sit. We do not receive any assistance from the state for its upkeep. As such, when the fields are wet and the potential of harming field integrity are high, ALL fields will be closed except, when noted, the field space adjacent to Jefferson St.

Lightning

Midland soccer club follows common guidelines on the presence of lightning. Practices and games will be suspended and will not resume until 30 minutes after the last sign of lightning/thunder.

Practice Cancellations

On those days where bad weather forces the complex to close, you will receive an e-mail from MSC administrators by 1:00pm. You may also click on the web page and check the field stats box located on the right hand upper corner of the home page.

Practices cancelled by your coach will be communicated by your coach. Coaches are instructed to find a replacement staff member to take practice and to only cancel as a last resort.

Drones

MSC prohibits the use of drones on the complex without permission.

Equipment

Uniforms

All teams must wear the MSC's official uniform package, which consists of shorts, socks, warm-up, practice t's, (3) jerseys in MSC approved colors and from the official supplier (Adidas and Gotsoccer) (Kelly green, black or white or combinations thereof). Use of the club's Fusion logo and alternate logo's must be approved by the select committee for use on team apparel.

Select Expenses –

As a member of MSC Fusion, it is the club's policy to make actual costs to play travel soccer available and as transparent as possible. We recognize that playing travel soccer is expensive. That expense is due, in part, to the clubs commitment to giving your child the best opportunity to learn and develop through the sport of soccer. We expect the best from our coaches, our facilities and our travel families. We will consistently look for and offer opportunities to enhance our developmental offerings while trying to maintain as inexpensive a basic cost as possible.
